PROFESSIONAL EXPERIENCE

Varun Digital Media (VDM), Begampet, Hyderabad

Data Collection Executive

Feb 2024 - Present

• Data Sourcing & CRM Integration

- Collected and structured **lead/prospect data** from platforms like **ZoomInfo, Apollo.io, and HubSpot**, maintaining error-free Excel sheets for 200+ monthly transactions.
- Uploaded and organized data into **HubSpot CRM** to streamline lead generation pipelines, improving sales team targeting efficiency by **15%**.

• End-to-End Data Management

- Spearheaded **data collection, mining, cleaning, and visualization** workflows using Power BI and SQL Server, ensuring **99% data accuracy** and compliance with organizational standards.

• Sales Performance Analytics

- Developed 15+ interactive **Power BI** dashboards tracking weekly/monthly sales metrics (e.g., ₹5L+ weekly revenue, 200+ monthly transactions), enabling real-time **data-driven decision-making** for sales teams.

• Cross-Functional Collaboration

- Acted as the **primary liaison** between data and sales teams, resolving data discrepancies and aligning reporting frameworks to improve **operational efficiency by 20%**.

• ETL & Automation

- Streamlined **ETL processes** in SQL Server, reducing manual data entry time by **30%** and accelerating report generation for leadership reviews.

• Power BI Ownership

- Single-handedly managed **end-to-end Power BI infrastructure**, including dashboard design, automation, and troubleshooting, becoming the “**go-to expert**” for all BI-related tasks.

Key Achievements:

- Delivered 100% accurate sales reports, automated tasks saving 15+ hours/month, and improved lead accuracy by 25% through optimized CRM data.

Freelance Digital Marketer

2021 - 2023

- Managed **SEO, social media**, and paid ad campaigns to improve brand visibility.
- Developed **data-driven strategies**, increasing engagement and conversions.
- Optimized content using **Google Ads** & Optimized metadata to enhance.
